STATES OF STATES

INTRODUCTORY SECTION

CITY OF NORTH LOGAN

LLOYD BERENTZEN, MAYOR

2076 NORTH 1200 EAST NORTH LOGAN, UTAH 84341 (435) 752-1310 FAX (435) 752-1357

JEFFREY M. JORGENSEN, P.E. CITY ADMINISTRATOR

November 29, 2010

North Logan City North Logan, Utah

Council:

It is with great pleasure that the financial statements for the North Logan City for the year ended June 30, 2010, are presented.

In addition to the fund financial information currently presented in the City's financial statements, this report includes government-wide financial statements. The government-wide financial statements include a Statement of Net Assets that provides the total net assets of the City including all capital assets (including infrastructure) and the Statement of Activities that shows the cost of providing government services.

State law requires that all local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. These financial statements are hereby issued and submitted to you for the fiscal year ended June 30, 2010, in accordance with these requirements.

This report consists of management's representations concerning the finances of North Logan City. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management has established an internal control framework that is designed to both protect the assets of the City from loss, theft, or misuse and to allow for the compiling of sufficient reliable information for the preparation of the City's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City's internal control procedures have been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. To the best of management's knowledge and belief, this financial report is complete and reliable in all material respects.

North Logan City's financial statements have been audited by Allred Jackson, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of North Logan City for the fiscal year ended June 30, 2010, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that North Logan City's financial statements for the fiscal year ended June 30, 2010, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

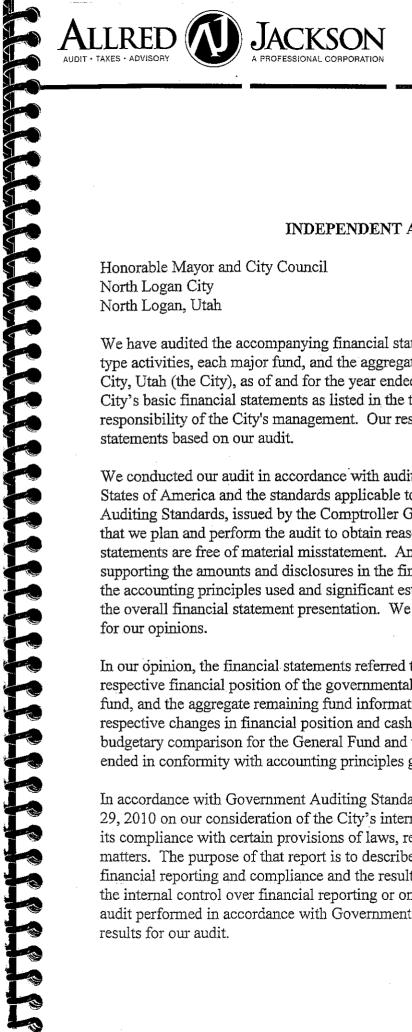

I wish to express my appreciation to all members of the City who assisted and contributed to the preparation of this report.

Respectfully submitted,

Mayor Lloyd Berentzen North Logan City

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and City Council North Logan City North Logan, Utah

We have audited the accompanying financial statements of the governmental activities, the businesstype activities, each major fund, and the aggregate remaining fund information of the North Logan City, Utah (the City), as of and for the year ended June 30, 2010, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Governmental Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2010, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the General Fund and the Major Special Revenue Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued a report dated November 29, 2010 on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and important for assessing the results for our audit.

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 10 through 14 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining nonmajor fund statements listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

November 29, 2010

allred Jackson

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of North Logan City we offer readers of North Logan City's financial statements this narrative overview and analysis of our financial activities for the fiscal year ended June 30, 2010.

FINANCIAL HIGHLIGHTS

- The total net assets of North Logan City increased 14% to \$19,376,453.
- The total net assets of \$19,376,453 are made up of \$16,476,115 in capital assets net of related debt and \$2,900,338 in other net assets.
- In the General Fund, revenues were more than expenditures by \$128,790 before other financing sources and uses.
- Total long-term debt of the City was reduced by \$201,004.
- Business-type activities' total net assets increased \$109,284.

REPORTING THE CITY AS A WHOLE

This discussion and analysis is intended to serve as an introduction to North Logan City's basic financial statements, consisting of the following components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also includes other supplementary information in addition to the basic financial statements.

The government-wide financial statements are designed to provide readers with a broad overview of North Logan City's finances in a manner similar to a private-sector business.

- The statement of net assets presents information on all of North Logan City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of North Logan City is improving or deteriorating. However, you will also need to consider other nonfinancial factors.
- The statement of activities presents information showing how the City's net assets changed during the fiscal year reported. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus all of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

Both of the government-wide financial statements distinguish functions of North Logan City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities).

The government-wide financial statements can be found on pages 16 & 17 of this report.

REPORTING THE CITY'S MOST SIGNIFICANT FUNDS

A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. North Logan City also uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

• Governmental funds – These funds are used to account for the same functions reported as governmental activities in the government-wide financial statements. These fund statements focus on the way money flows into and out of these funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed, short-term view of the City's general government operations and the basic services provided. Governmental fund information helps users determine whether there are more or fewer financial resources available to spend in the near future to finance the City's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds in a reconciliation included with the fund financial statements.

The only major governmental funds (as determined by generally accepted accounting principles) are the General Fund and the Library Special Revenue Fund. The rest of the governmental funds are determined to be nonmajor and are included in the combining statements within this report.

• Proprietary funds – North Logan City maintains one type of proprietary fund (enterprise funds), which reports the same functions presented as business-type activities in the government-wide financial statements. North Logan City uses enterprise funds to account for its Water Utility, Sewer Utility, and Storm Water Utility.

As determined by generally accepted accounting principles, the Water Utility and Sewer Utility funds meet the criteria of major fund classification. The rest of the proprietary funds are determined to be nonmajor and are included in the combining statements within this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of North Logan City, assets exceed liabilities by \$19,376,453.

By far the largest portion of North Logan City's net assets (85%) reflects its investment in capital assets (i.e., land, buildings, infrastructure, and equipment), less any related outstanding debt used to acquire those assets. The City uses these capital assets to provide services to citizens; consequently, these assets are <u>not available</u> for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

FINANCIAL ANALYSIS OF GOVERNMENT'S FUNDS

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements.

As of June 30, 2010, the City's governmental funds (General, Special Revenue, and Capital Projects) reported combined fund balances of \$1,655,624. This represents an increase of \$211,923 (15%) over last year's ending balances.

The General Fund is the chief operating fund of the City. All activities which are not required to be accounted for in separate funds either by state or local ordinance or by a desire to match revenues and expenses are accounted for in this fund.

Taxes are the largest source of revenue in the General Fund and represent 56% of total general fund revenues. The largest element is sales taxes, which represent 75% of total tax revenues and 42% of total General Fund revenues. This compares with 44% in the prior fiscal year ended June 30, 2009.

As stated earlier, the City maintains three enterprise funds to account for its business-type activities. The separate fund statements included in this report provide the same information for business-type activities (but in much more detail) as is provided in the government-wide financial statements.

Significant changes in the governmental funds include a decrease of long-term debt of \$132,500 due to bond principal payments.

Significant changes in business-type activities include a decrease in long-term debt of \$68,504 due to both bond principal payments and the addition of a new capital lease.

GENERAL AND LIBRARY FUND BUDGETARY HIGHLIGHTS

The General Fund original budget for expenditures was \$4,370,031, which was increased 5.5% to \$4,613,623 to fund additional road and park improvements and cover increases in transfers.

The Library Fund original budget for expenditures was \$552,406, which was increased 3% to \$569,080 to cover general operations.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital assets – North Logan City's investment in capital assets (net of accumulated depreciation) as of June 30, 2010, amounts to \$19,591,027. This includes land, buildings, improvements, infrastructure (streets, sidewalks, etc), and equipment. The total increase in the City's investment in fixed assets was 10% due to capital additions noted below being greater than depreciation as described in Note 10 to the financial statements.

Major capital asset events during the current fiscal year included the following:

- \$1,791,270 for construction of roads and sidewalks.
- \$615,145 in land donations for 200 East right of ways.
- \$225,527 for purchase of vehicles.

NORTH LOGAN CITY'S CAPITAL ASSETS

| Land & water shares Buildings and equipment Systems Less: Accumulated depreciation | Governmental Activities \$ 2,869,339 5,812,921 13,627,506 (11,310,727) | Business-type <u>Activities</u> \$ 327,310 1,326,503 12,682,730 (5,744,555) |
|--|--|---|
| Total | <u>\$ 10,999,039</u> | <u>\$ 8,591,988</u> |

Additional information on the City's capital assets can be found in the footnotes to this financial report.

Long-term debt – At June 30, 2010, the City had total bonded debt outstanding of \$2,986,135. Of this amount \$2,510,070 is considered to be general obligation debt and backed by the full faith and credit of the City. Capital lease obligations are \$128,777 and the remainder of \$476,065 is debt which is secured solely by specific revenue sources (i.e., revenue bonds).

NORTH LOGAN CITY'S OUTSTANDING DEBT

| | Governmental <u>Activities</u> | Business-type <u>Activities</u> |
|----------------------------------|--------------------------------|---------------------------------|
| General obligation bonds- water, | | |

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES YEAR ENDED JUNE 30, 2010

Amounts reported for governmental activities in the Statement of Activities are different because:

| Amounts reported for governmental activities in the Statement of Activities are different because. | | | |
|--|------------------|----------|-----------|
| Net change in fund balances-total governmental funds | | \$ | 211,923 |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period. | | | |
| Purchases of fixed assets | 2,226,471 | | |
| Contributions of property | 378,983 | | |
| Loss on disposal of assets | (14,168) | | |
| Depreciation expense | (678,850) | | 1,912,436 |
| Governmental funds report bond proceeds as an other financing source, while repayment of bond principal is reported as an expenditure. Also, governmental funds report the effect of issuance cos and premiums when debt if first issued, whereas these amounts are deferred and amortized in the statement of activities. The net effect of these differences in the treatment of general obligation bonds and related items is as follows: | ts 132,500 | · | |
| Repayment of bond principal | ' - ' | | |
| Change in accrued interest payable | 178 | | |
| Change in accrued compensated absences | 5,874 | | 167.060 |
| Amortization of bond issuance costs/refunding | 28,708 | <u> </u> | 167,260 |
| Change in net assets of governmental activities | | \$ | 2,291,619 |

NORTH LOGAN CITY NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

Note 1: Structure

North Logan City was incorporated in 1934 as a political subdivision of the State of Utah. The City is a fifth class city operating under the traditional form of government (i.e., a Governing Body consisting of a Mayor and five Council Members, with the Mayor voting only to break a tie). The Mayor appoints the Planning Commission, Library Board, and other committees with the consent of the City Council.

The justice court is located in Hyde Park. The same judge presides in both courts and Bailiffs are provided by the North Park Police Department. They are paid by Hyde Park City, with North Logan's share being billed monthly. Police services are provided by North Logan, with Hyde Park paying their share monthly based on an agreed formula.

Solid waste collection is provided by the Cache County Service Area. North Logan is billed monthly for this service and the county dispatch fee, which North Logan then bills to utility customers. Sewage treatment is provided by Logan City and is billed to North Logan monthly based on flow. In addition, pretreatment charges are billed to businesses after the Logan City bill is received.

Library service is funded primarily by a dedicated property tax. State law requires that a Library Board set operational policies and recommend the budget when a dedicated property tax is used. The Friends of the Library was set up as a separate organization to raise additional funds and find grants to supplement the dedicated property tax. The Friends write checks to give funds to the City for library use. The Thorne Endowment provides approximately \$70,000 per year to allow Hyde Park children to use the North Logan Library. Another \$10,000 per year is paid by donations to allow Hyde Park adults to also use the library.

Water, sewer, and storm water services are provided by enterprise funds.

A volunteer fire department provides fire and first responder services.

Facilities maintenance for all public buildings is allocated to other departments monthly based on square footage occupied. Parks, storm drain cleaning, and water treatment plant maintenance are also done by facilities department employees, but are tracked separately.

The streets department handles street maintenance, sweeping, and snow plowing.

A staff planner provides input to the Planning Commission and handles economic development.

Protective Inspection performs plan reviews, building inspections, and engineering.

A part-time recreation director coordinates recreational programs and events sponsored by the City.

The city office staff handles accounting, utility billing, and clerical functions.

Note 2: Summary of significant accounting policies

North Logan City complies with accounting principles generally accepted in the United States of America applicable to governmental units (US GAAP). We apply all relevant Governmental Accounting Standards Board (GASB) pronouncements. Enterprise funds apply Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before 30 November 1989, unless those pronouncements conflict with or contradict GASB pronouncements, which take precedence.

The financial statements of the City consist only of the funds of the City. The City established a Redevelopment Agency (RDA) pursuant to Utah Code and designated the Mayor and the City Council as the RDA board. No property taxes have been used to fund a project as of June 30, 2010. The City has no oversight responsibility for any other governmental entity since no other entities are considered to be controlled by or dependent on the City. Control or dependence is determined on the basis of budget adoption, taxing authority, funding, and appointment of the respective governing board.

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures (or expenses), as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The City applies expenses for restricted resources first when both restricted and unrestricted net assets are available.

The general fund is the major operating fund of the City. It accounts for all financial resources not required to be accounted for in another fund. All governmental funds use the modified accrual basis of accounting (i.e., revenues are recognized when they become measurable and available as net current assets; expenditures are recognized when the related fund liability is incurred). Exceptions to this general rule include principal and interest on general long-term debt, which is recognized when due.

Special revenue funds follow the same principles as the general fund, but account for legally restricted revenues such as dedicated property tax. When the special revenues cease, the fund is closed to the fund responsible for continuing operations.

Capital projects funds account for the construction of assets funded by bonds, or for the accumulation of funds to replace major equipment.

Enterprise funds are used to account for operations which are financed and operated like a private business, where the governing body intends to finance the costs of providing services to the general public through user charges. The accrual basis of accounting is used (i.e., revenues are recognized when earned; expenses are recognized when incurred).

Only the current portion of long-term liabilities is included in governmental funds. The purchase of fixed assets is recorded in governmental funds, so no depreciation appears on the fund financial statements. GASB 34 requires the capitalization of roads, bridges, and sidewalks (infrastructure), for the government-wide financial statements. This was estimated based on an inventory made by the Technology Transfer Center at Utah State University when GASB34 was implemented.

All fixed assets greater than \$3,000 are valued at historical cost, except donated assets, which are valued at estimated fair market value on the date donated (primarily streets, water, and sewer systems dedicated by developers).

All enterprise funds are accounted for on a cost of services, or "capital maintenance," measurement focus. This means that long-term assets and debts are included on their balance sheets.

Depreciation is calculated on a straight line basis. When assets are transferred, all depreciation is charged to the department receiving the asset. Estimated useful lives are:

| Sewer & Water Systems | 50 years |
|--------------------------|--------------|
| Roads | 20 years |
| Buildings & improvements | 10 -50 years |
| Equipment | 3-20 years |

Annual budgets are adopted by the City Council on or before June 22 for the following fiscal year. Budgets may be increased by resolution of the City Council at any time during the fiscal year following a public hearing.

Property taxes are collected by Cache County and remitted monthly. Real property taxes are due and payable on November 30 of each year. Personal property taxes are collected and remitted to the City monthly.

For the purposes of the Statement of Cash Flows, the business-type activities consider all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

Bond issuance costs are deferred and amortized over the life of the bonds using the straight line method. Issuance costs are reported as deferred charges.

The preparation of financial statements in conformity with generally accepted accounting principles required management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Reconciliation of government-wide and fund financial statements

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net assets.

The governmental funds type balance sheet includes reconciliation between total governmental fund balances and net assets of governmental activities as reported in the government-wide statement of net assets. These differences primarily result from the long-term economic focus of the statement of net assets versus the current financial resources focus of the governmental funds type balance sheets.

Capital related items:

When capital assets (property, plant, & equipment) that are to be used in governmental activities are purchased or constructed, the costs of those assets are reported as expenditures in governmental funds. However, the statement of net assets includes those capital assets among the assets of the City as a whole.

| Cost of capital assets | \$22,309,766 |
|--------------------------|--------------|
| Accumulated depreciation | (11,310,727) |
| Total difference | \$10,999,039 |

Long-term liabilities:

Long-term liabilities are not due and payable in the current period and therefore are not reported in the fund financial statements.

| Principal portion of bonds and leases | \$ (814,500) |
|---------------------------------------|-------------------|
| Bond issue costs, net of amortization | 16,486 |
| Accrued interest payable | (1,199) |
| Deferred amount on refunding | (188,731) |
| Compensated absences | (122,116) |
| | \$ (1.110.060) |

B. Explanation of differences between governmental fund operating statements and the statement of net activities.

The governmental fund statement of revenues, expenditures, and changes in fund balances includes reconciliation between net changes in fund balances - total governmental funds and changes in net assets of governmental activities as reported in the government-wide statement of activities. The first element of this reconciliation states that capital outlays are reported in the governmental funds as expenditures while the government-wide statement of activities allocates these costs over the useful lives of the assets as depreciation. While shown in the reconciliation as the net difference, the elements of this difference are as follows:

| Capital outlay | \$2,226,471 |
|----------------------------------|--------------------|
| Donated land | 378,983 |
| Loss on disposal of fixed assets | (14,168) |
| Depreciation expense | <u>(678,850)</u> |
| Net difference as reported | <u>\$1,912,436</u> |

The governmental funds report bond proceeds as an other financing source, while repayment of bond principal is reported as an expenditure. Also, governmental funds report the effect of issuance costs and premiums when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. Interest is recognized as an expenditure in the governmental funds when it is due. In the statement of activities, interest expense is recognized as it accrues, regardless of when it is due. The net effect of these differences in the treatment of general obligation bonds and related items is as follows:

| Repayment of bond principal | \$ 132,500 |
|--|---------------|
| Change in accrued compensated absences | 5,874 |
| Change in accrued interest payable | 178 |
| Amortization of bond issuance costs | 28,708 |
| | \$ 167.260 |

Note 3: Cash & investments

Deposits and Investments

Deposits and investments for the City are governed by the Utah Money management Act (*Utah Code Annotated*, Title 51, Chapter 7, "the Act") and by rules of the Utah Money Management Council ("the Council"). Following are discussions of the City's exposure to various risks related to its cash management activities.

Custodial Credit Risk

Deposits. Custodial credit risk for deposits is the risk that in the event of a bank failure, the City's deposits may not be recovered. The City's policy for managing custodial credit risk is to adhere to the Money Management Act. The Act requires all deposits of the local government to be in a qualified depository, defined as any financial institution whose deposits are insured by an agency of the federal government and which has been certified by the commissioner of Financial Institutions as meeting the requirements of the Act and adhering to the rules of the Utah Money Management Council. As of June 30, 2010, \$0 of the City's bank balances of \$352,459 was uninsured and uncollateralized.

Credit Risk

Credit risk is the risk that the counterparty to an investment will not fulfill its obligations. The City's policy for limiting the credit risk of investments is to comply with the Money Management Act.

The City is authorized to invest in the Utah Public Treasurer's Investment Fund (PTIF), an external pooled investment fund managed by the Utah State Treasurer and subject to the Act and Council requirements. The PTIF is not registered with the SEC as an investment company, and deposits in the PTIF are not insured or otherwise guaranteed by the State of Utah. The PTIF operates and reports to participants on an amortized cost basis. The income, gains, and losses, net of administration fees, of the PTIF are allocated based upon the participants' average daily balances.

For the year ended June 30, 2010, the City had investments of \$2,440,332 with the PTIF. The entire balance had a maturity less than one year. The PTIF pool has not been rated.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates of debt investments will adversely affect the fair value of an investment. The City manages its exposure to declines in fair value by investment mainly in the PTIF and by adhering to the Money Management Act. The Act requires that the remaining term to maturity of investments may not exceed the period of availability of the funds to be invested.

Note 4: Accounts receivable

The City has accounts receivable as of June 30, 2010, as follows:

| Garbage and Dispatch fee | \$ 58,6 | 19 (net of \$12,067 allowance) |
|--------------------------|-------------|--------------------------------|
| Water | | 48 (net of \$9,540 allowance) |
| Sewer | 56,7 | 65 (net of \$4,714 allowance) |
| Storm water | 15,0: | 53 (net of \$275 allowance) |
| Property tax | 919,83 | 36 |
| Court | 32,10 | 07 (net of \$37,051 allowance) |
| Sales tax | 346,52 | 22 |
| Energy Use tax | 16,3: | 58 |
| Transient room tax | 7,6 | 19 |
| Road project | 442,49 | 98 |
| Class C Road funds | 110,90 | <u>66</u> |
| Total | \$ 2,060.69 | 91 |

Note 5: Utility users

As of June 30, 2010, the number of utility users was:

| Residential | Commercial |
|-------------|----------------------------------|
| 2,021 | 86 |
| 1,874 | 142 |
| 1,897 | 127 |
| 1,863 | 186 |
| 1,923 | 153 |
| | 2,021 1,874 1,897 1,863 |

Water rates:

\$1.57 per thousand gallons, plus:

| Meter size | Fee |
|------------|--------|
| 3/4 or 1 | 7.11 |
| 1 ½ | 10.34 |
| 2 | 14.22 |
| 3 | 29.09 |
| 4 | 54.29 |
| 5 | 135.74 |

Sewer rates:

\$1.96 per thousand gallons winter water usage, plus:

| water meter size | ree |
|------------------|-------------|
| 3/4 or 1 | \$ 22.10 |
| 1 ½ | 30.40 |
| 2 | 41.45 |
| 3 | 82.88 |
| 4 | 151.95 |
| 5 | 375.70 |

Storm water rates:

| Residential | \$ | 3.50 |
|--------------|-----|------|
| Commercial | Per | ERU |
| Multi-family | | 2.00 |

Garbage rates:

Res. 90 gallon w/ recycle \$ 14.40 Res. 60 gallon w/ recycle 12.15 Green Waste 4.00

Commercial 1.15 plus \$6.20 per cubic yard of container

Recycle can 3.00

Dispatch rates:

All \$ 2.00

Note 6: Insurance & bond coverage

As of June 30, 2010, insurance and bond coverage's are as follows:

| Туре | Insurer | Limit | Expires |
|--|------------------------------------|-------------|----------|
| Comprehensive general Liability (including errors And omissions) | Utah Local Governments Trust | \$5,000,000 | 7/1/10 |
| Automobiles – liability | Utah Local Governments Trust | 5,000,000 | 7/1/10 |
| Buildings & Contents | Utah Local Governments Trust | 11,974,550 | 7/1/10 |
| Mayor & Treasurer | Western Surety | 424,710 | 6/26/11 |
| Bonds | ı | | |
| Blanket employee bond | Allied Insurance | 10,000 | 4/1/11 |
| Treasurer position bond | Hartford | 346,000 | 11/26/10 |

Note 7: Over expended budget

The following departments within the General and Library funds over expended their budgets:

| Judicial | • | 22,093 |
|----------------------|---|--------|
| Library debt service | | 12,899 |

Note 8: Long-term debt

STATESTATES AND ASSESSED ASSES

Long-term debt at June 30, 2010, consists of the following:

| · · | | · · | | |
|---|--------------|----------------|------------------|--------------|
| Water fund: | 7/1/09 | Principal Paid | 6/30/10 | Due in 1 yr |
| US Bank Trust; \$2,495,000 due in annual installments ranging from \$50,000 to \$780,000 per year plus interest ranging from 3.10% to 4.70% | 1,570,000 | 145,000 | 1,425,000 | 150,000 |
| | 1,070,000 | . 10,000 | | |
| Total water fund | | | <u>\$1,42</u> | <u>5.000</u> |
| Sewer fund: | | | | |
| GMAC; \$1,000,000 Due in monthly Installments of \$4,830 including interest at 5.00% | 510,526 | 34,461 | 476,065 | 34,089 |
| GMAC; \$560,000 Due in annual Installments of | | | | |
| \$32,911 including interest at 5.00% | 288,390 | 17,820 | <u>270,570</u> | 19,418 |

| depreciation of \$8,221. | | 35,643 | <u>\$128,777</u> | 30,235 |
| Total storm water fund | | | \$128, | 777 |

Library fund:

US Bank; library, \$1,065,000 due in annual installments ranging from \$118,000 to \$150,000 plus interest of 3.49%

947,000

132,500

814,500

115,500

Total Library fund

\$814,500

Assets have been restricted and retained earnings reserved to meet bond sinking fund requirements. The City is in compliance with all significant bond requirements.

The annual requirements to amortize long-term debt outstanding as of June 30, 2010, are as follows:

| June 30 | Bond Principal | Bond Interest |
|---------|----------------|-------------------|
| 2011 | \$ 349,242 | \$ 137,328 |
| 2012 | 377,770 | 122,380 |
| 2013 | 391,994 | 106,342 |
| 2014 | 406,425 | 89,695 |
| 2015 | 389,424 | 72,434 |
| 2016 | 408,797 | 55,579 |
| 2017 | 272,344 | 37,870 |
| 2018 | 286,075 | 24,744 |
| 2019 | 79,998 | 10,955 |
| 2020 | 152,843 | 5,485 |
| Totals | \$3,114,912 | <u>\$ 662.812</u> |

Advance Refunding- March 18, 2010

The City issued \$1,065,000 of general obligation refunding bonds to provide resources to purchase U.S. Government State and Local Government Series securities that were placed in an irrevocable trust for the purpose of generating resources for future debt service payments of \$1,305,000 of general obligation bonds. As a result, a portion of the refunded bonds are considered to be defeased and the liability has been removed from the government-wide financial statements. The reacquisition price exceeded the net carrying amount of the old debt by \$251,641. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt.

Note 9: Retirement Systems

Plan Description

The City contributes to the Local Government Contributory Retirement System, the Local Government Noncontributory Retirement System, the Public Safety Contributory Retirement System, and the Public Safety Noncontributory Retirement System for employers with Social Security coverage. All of these are cost-sharing, multiple-employer defined benefit pension plans administered by the Utah Retirement Systems, which provides retirement benefits, annual cost of living allowances, death benefits and refunds to plan members and beneficiaries in accordance with retirement statutes.

The Systems are established and governed by the respective sections of Chapter 49 of the Utah Code Annotated 1953 as amended. The Utah Retirement Office Act in Chapter 49 provides for the administration of the Utah Retirement Systems and Plans under the direction of the Utah State Retirement Board (Board) whose members are appointed by the Governor. The Systems issue a publicly available financial report that includes financial statements and required supplementary information for the State and School Contributory Retirement System and State and School Noncontributory Retirement System. A copy of the report may be obtained by writing the Utah Retirement Systems, 540 E 200 S, Salt Lake City UT 84102 or by calling 1-800-365-8772.

Funding Policy

Note 11: Segment Information for Enterprise Funds

Net working capital for the enterprise funds is calculated as follows:

| | Water | Sewer | Storm Water |
|----------------------|--------------------|-----------------|-------------------|
| Current Assets: | | | |
| Cash | \$1,285,959 | \$ 341,466 | \$ 271,703 |
| Receivables | 54,348 | 56,765 | 15,053 |
| Current Liabilities: | | | |
| Accounts payable | (57,169) | (429,794) | (3,603) |
| Accrued interest | (2,738) | (7,188) | |
| Current portion | | | |
| Long-term debt | (150,000) | <u>(53,507)</u> | (30,235) |
| Net Working Capital | <u>\$1,130,400</u> | \$(92,258) | <u>\$ 252,918</u> |

Note 12: Risk Management

In addition to the insurance coverage in Note 6, workers compensation is carried through the Utah Local Government Trust. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

Note 13: Compensated Absences

Most employees earn paid vacation and sick days each month based on length of service. Also, if sick time is not used during the calendar year, up to 32 hours can be converted to vacation time at December 31. In addition, some employees are still owed for compensatory time in lieu of overtime pay from previous years. Vacation hours in excess of two years earnings not used before November 1 are forfeited. The termination method was used to accrue compensated absences of \$132,885 in the General, Water and Sewer funds. All vacation hours and all compensatory time hours would be paid on termination. Only 10% of sick hours would be paid. Sick hours excluded amounts to \$276,852. Based on past experience 20% of sick hours would be used in a year.

Note 14: Memorandum Totals

Total columns on the financial statements are captioned Amemorandum only to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither are such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING **STANDARDS**

Honorable Mayor and City Council North Logan City North Logan, Utah

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the North Logan City, Utah (the City) as of and for the year ended June 30, 2010, which collectively comprise the City of North Logan's basic financial statements and have issued our report thereon dated November 29, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified certain deficiencies in internal control over financial reporting, described in the accompanying management letter as finding 2010-1 and 2010-2 that we consider to be significant deficiencies in internal control over financial reporting. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying management letter as findings 2010-3, and 2010-4.

The City of North Logan's responses to the findings identified in our audit are described in the accompanying management letter. We did not audit the City's responses and, accordingly, we express no opinion on them.

This report is intended for the information of the City Council and management, and certain legislative bodies and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON STATE LEGAL COMPLIANCE

Honorable Mayor and City Council North Logan City North Logan, Utah

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the North Logan City, Utah (the City), for the year ended June 30, 2010, and have issued our report thereon dated November 29, 2010. As part of our audit, we have audited the City's compliance with the requirements governing types of services allowed or unallowed; eligibility; matching, level of effort, or earmarking; special test and provisions applicable to each of its major State assistance programs as required by the State of Utah Legal Compliance Audit Guide for the year ended June 30, 2010. The City received the following major State assistance programs from the State of Utah:

C Road Funds (Department of Transportation) Liquor Law Enforcement (State Tax Commission)

The City also received the following nonmajor grants which are not required to be audited for specific compliance requirements: (However, these programs were subject to test work as part of the audit of the City of North Logan's financial statements.)

Public Library Development Grant (Department of Community and Economic Development)

Our audit also included testwork on the City's compliance with those general compliance requirements identified in the State of Utah Compliance Audit Guide, including:

Public Debt
Cash Management
Purchasing Requirements
Budgetary Compliance
Truth in Taxation and
Property Tax Limitations

Justice Courts
B & C Road Funds
Liquor Law Enforcement
Other General Issues
Impact fees
Uniform Building Code Standards

State Retirement

The management of the City is responsible for the City's compliance with all compliance requirements identified above. Our responsibility is to express an opinion on compliance with those requirements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and <u>Governmental Auditing Standards</u>, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether material noncompliance with the requirements referred to above occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements. We believe that our audit provides a reasonable basis for our opinion.

Our audit does not provide a legal determination on the city's compliance with these requirements.

The results of our audit procedures disclosed immaterial instances of noncompliance with the requirements referred to above, which are described in the accompanying management letter. We considered these instances of noncompliance in forming our opinion on compliance, which is expressed in the following paragraph.

In our opinion, the North Logan City, Utah, complied, in all material respects, with the general compliance requirements identified above, and the requirements governing types of services allowed or unallowed; eligibility; matching, level of effort, or earmarking; reporting; and special tests and provisions that are applicable to each of its major State assistance programs for the year ended June 30, 2010.

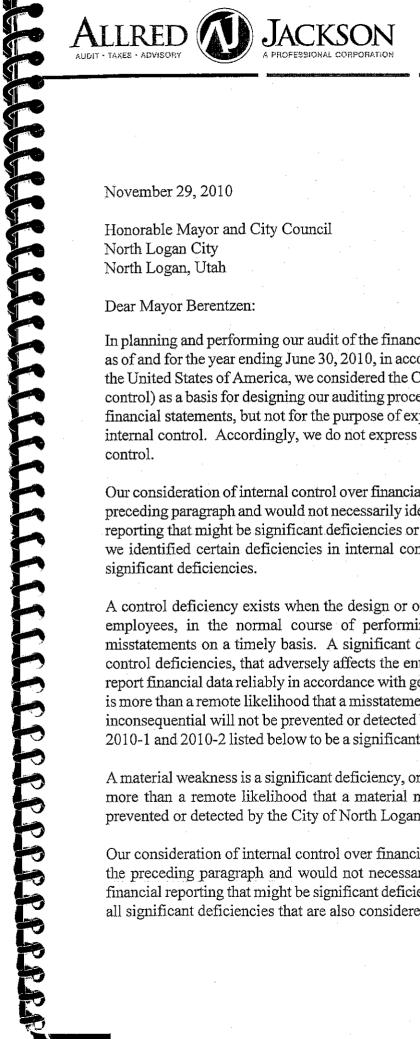

The city's written responses to the findings identified in our audit are described in the accompanying management letter. We did not audit the city's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management of the city and is not intended to be and should not be used by anyone other than these specified parties. However, the report is a matter of public record and its distribution is not limited.

November 29, 2010

allred Juckson

November 29, 2010

Honorable Mayor and City Council North Logan City North Logan, Utah

Dear Mayor Berentzen:

In planning and performing our audit of the financial statements of the North Logan City, UT (the City) as of and for the year ending June 30, 2010, in accordance with auditing standards generally accepted in the United States of America, we considered the City's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider findings 2010-1 and 2010-2 listed below to be a significant deficiency in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the City of North Logan's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses.

CURRENT YEAR FINDINGS

Finding 2010-1: Audit Adjustments (significant deficiency)

While conducting the audit we found audit adjustments that needed to be booked. These adjustments were to adjust accounts payable, adjust fixed assets and depreciation, and adjust accounts receivable. Although the City regularly posts and adjusts these accounts, these adjustments were not originally identified by management and therefore represent a significant deficiency in preparation of financial statements that are correct in accordance with US Generally Accepted Accounting Principles.

Recommendation:

We recommend that prior to audit fieldwork you review and adjust all accounts to ensure the current year organizational financial statements reflect the correct year end balances.

Management response:

Management will review and adjust accounts payable, fixed assets and depreciation, and accounts receivable at least monthly throughout the fiscal year. After the end of the fiscal year, and prior to the annual audit, a review and adjustments will be performed again as necessary. Allred Jackson will be contacted for input as questions arise throughout the year.

Finding 2010-2: Fixed Asset Tracking/Depreciation (significant deficiency) During the testing of fixed assets we noted that the schedule that tracks depreciation included amounts that were double booked as both land and improvements.

Recommendation:

We recommend reviewing the current procedures for tracking and maintaining fixed assets and calculating depreciation.

Management response:

Allred Jackson has provided direction regarding Asset & Depreciation schedules in the future. Management will follow the recommendation given by assessing, tracking and recording capital purchases in the depreciation schedule on a monthly basis. After the end of the fiscal year, and prior to the annual audit, a review and adjustments will be performed as necessary.

Finding 2010-3: Budgetary Compliance (State Compliance)

During our review of the budget to actual for the departments of the City, we became aware that one general fund department's actual expenditures exceeded the appropriations as well as the debt service department in the Library fund.

Recommendation:

We recommend that the City monitor expenditures closely and provide for expenditures for goods and services received prior to the fiscal year end with payment to be made subsequent to the year-end.

Management response:

Judicial: Actual expenditures exceeded the final budget by \$22,092. This was due to billing from Hyde Park for expenses paid in July 2010, but incurred and booked in June 2010. The Final Budget review and approval in mid June did not anticipate all the additional reparations, wage & benefits and other expenses not yet billed by June 30th. Management will work more closely with the court each month, request estimated expenses to be incurred during June, and will review Final Budget amounts with the court to anticipate payments made by year end.

Library Debt Service: Actual exceeded the final budget by \$12,899. This was mainly due to payments made after the Final Budget approval including, an additional payment made to US Bank. Management will take more care to ensure that services and supplies are reviewed and budgeted more closely with departments at year end.

Finding 2010-4: Sewer fund balance deficit (state compliance)

The sewer fund incurred a deficit unreserved fund balance during the year and remained in deficit at year end.

Recommendation:

TERREST TERREST TERREST TO THE TERREST TO THE TERREST TERREST TO THE TERREST TERREST TERREST TO THE TERREST TE

Prepare a plan to reduce the deficit and maintain a positive unreserved fund balance going forward.

Management response:

Management has found that during the year, after Logan City adjustments were credited back to North Logan City, that payment on sewer treatment increased and required North Logan City to raise sewer rates for North Logan City customers by Resolution 10-06 which became effective July 1, 2010.

PRIOR YEAR FINDINGS

Finding 2009-1: Audit Adjustments (material weakness)

While conducting the audit we found audit adjustments that needed to be booked. These adjustments were to adjust accounts payable, adjust fixed assets and depreciation, and adjust accounts receivable. Although the City regularly posts and adjusts these accounts, these adjustments were not originally identified by management and therefore represent a material weakness in preparation of financial statements that are correct in accordance with US Generally Accepted Accounting Principles.

Recommendation:

We recommend that prior to audit fieldwork you review and adjust all accounts to ensure the current year organizational financial statements reflect the correct year end balances.

Management response:

Management will review and adjust accounts payable, fixed assets and depreciation, and accounts receivable at least quarterly throughout the fiscal year. After the end of the fiscal year, and prior to the annual audit, a review and adjustments will be performed again as necessary.

Finding 2009-2: Fixed Asset Tracking/Depreciation (significant deficiency)

During the testing of fixed assets we noted that the schedule that tracks depreciation had many errors in calculating depreciation. Also, some of the additions and all of the deletions were not on the original fixed asset schedule.

Recommendation:

We recommend reviewing the current procedures for tracking and maintaining fixed assets and calculating depreciation.

Management response:

Management will follow the recommendation given by assessing, tracking and recording capital purchases in the depreciation schedule on a monthly basis. After the end of the fiscal year, and prior to the annual audit, a review and adjustments will be performed as necessary.

Status:

Adjustments to the fixed asset schedule as well as the financial statements were needed. See current year finding.

Finding 2009-3: Budgetary Compliance (State Compliance)

During our review of the budget to actual for the departments of the City, we became aware that two general fund department's actual expenditures exceeded the appropriations.

Recommendation:

We recommend that the City monitor expenditures closely and provide for expenditures for goods and services received prior to the fiscal year end with payment to be made subsequent to the year-end.

Management response:

Judicial: Actual expenditures exceeded the final budget by \$587. This was due to Victim Reparations paid in July 2009, but incurred and booked in June 2009. The Final Budget review and approval in mid June did not anticipate all of the additional reparations to be paid by June 30th. Management is working closely with the court each month, and will review Final Budget amounts with the court to anticipate payments made by year end.

<u>Non-departmental</u>: Actual exceeded the final budget by \$10,763. This was mainly due to payments made after the Final Budget approval including, an additional payment made to Cache County Service for Garbage, starting to use Postal Express mailing service for city billings at the end of June, and the purchase of Copier supplies purchased on the last day of June. Management will take more care to ensure that services and supplies are reviewed and budgeted more closely with departments at year end.

Status:

Two departments exceeded appropriations for the year ended June 30, 2010. See current year finding.

Finding 2009-4: Sewer fund balance deficit (state compliance)

The sewer fund incurred a deficit unreserved fund balance during the year and remained in deficit at year end.

Recommendation:

Prepare a plan to reduce the deficit and maintain a positive unreserved fund balance going forward.

Management response:

Management has found that during the last six months, approximately, measurements used by Logan City to determine the amount of sewer flow out of North Logan to be treated by Logan City has been overestimated by a factor of about two. North Logan Utilities and North Logan Engineering Departments are working together to gathering more precise data on sewer flow in order to dispute Logan City's measurements. Once this error is corrected, Logan City will be crediting funds back to North Logan City for over payment on sewer treatment. This should bring the Sewer Department's expenditures more in line with its revenue. If this does not solve the problem, management will consider an increase in sewer rates for North Logan City customers.

Status:

The City still maintained a negative unrestricted fund balance. See current year finding.

Finding 2009-5: Three day deposit (state compliance)

The City did not deposit funds into an approved financial institution within the timeframe given by the State of Utah.

Recommendation:

Implement a procedure to insure that all deposits are remitted into an approved financial institution within three working days.

Management response:

Management will monitor this requirement on an ongoing basis during monthly bank reconciliation reviews.

Status:

During the current year testing, the City was found to be in compliance.

Finding 2009-6: General unreserved fund balance (state compliance)

The State of Utah requires that cities must maintain an unreserved general fund balance of at least 5% and not to exceed 18%. The City had an unreserved general fund balance of 19% as of June 30, 2010.

Recommendation:

Establish a plan to reduce the unreserved general fund balance by approximately \$46,000.

Management response:

The fiscal year 2010 budget currently established shows a projected unrestricted fund balance of about 8%. Great care has been taken to avoid going below the allowed fund balance range, especially being conservative in projected revenue. The majority of the unexpected increase in the unreserved fund balance at the end of the fiscal year came from higher revenue than anticipated during the current economic downturn.

Status:

The City was in compliance with a 12% general unrestricted fund balance.

In conclusion, we wish to recognize Jeff Jorgensen and Scott Bennett for the excellent services provided to North Logan City. They have been most cooperative in assisting us in the performance of the audit for the 2010 fiscal year. The performance of the North Logan City annual fiscal year audit has been an enjoyable experience for us and we would like to thank the City for the opportunity to serve as independent auditors.

Very truly yours,

ALLRED JACKSON

Diana Cannell, CPA
